## Action taken report from Stakeholders recommendations (2019-2020)-EVEN Semester

S.No	Stakeholders	Recommendations	Action taken
1	By Industry Experts	Mr.Arunesh Karthick, Lead System Engineer, GE- Healthcare, Bangalore, suggested to include practical experiments / hands on training and to train students in terms of handling and operations of medical devices with hospital support.	Hospital Training courses has been included in the next semester and hands on training will be conducted along with the industry partners each semester.
2	By Alumni	There were recommendations made to place more of an emphasis on the field of study's applications. Give interdisciplinary activities in multiple courses more attention.	Interdisciplinary programming courses in the curriculum are included for enhancing technical skill.
3	By students	Pupils have stated that they would like help choosing online certification programs.	For each year, the relevant class counselors and BoS members suggests NPTEL-SWAYAM course for students.
4	By Academic Experts	Suggestions were given to convert few experiments to demo or study experiments in Anatomy and Human Physiology Laboratory Course	Human Physiology Laboratory were revised and study experiments were included.
5	By Parents	Few parents recommended adding more interesting and practical components to the curriculum.	online teaching tools and virtual labs has been implemented to the students.
