STUDENT FEEDBACK –Consolidated

4.12.2020

The feedback were collected from the students for the academic year using a structured questionnaire on the curriculum. The opinions/ suggestions/ comments received from the students are used to enhance the curriculum and syllabi.

Rating/Criteria for Rating	Strongly Agree	Agree	Disagree
Curriculum fulfils your expectations and industry expectations	240	46	4
Curriculum helps you to solve real-life problems and helps in decision-making	235	52	3
Curriculum helps to develop your personality	218	67	5
Curriculum is helps in solving local and global problems	204	78	8
Curriculum supports employability and support higher studies	210	74	6
Syllabus helps to acquire entrepreneurial skills and lifelong learning	200	84	6
Pedagogy used enhance participative learning and experiential learning	228	62	0

The majority of students firmly believe that the curriculum meets both industry and student expectations, aids in decision-making and problem-solving in real life, helps them address both domestic and global issues, and promotes higher education and employability. The majority of students concur that the employed pedagogy improves practical implications and participatory learning. The feedback is generally positive and shows that the curriculum is well-designed to meet their needs.

Alumni Feedback–Consolidated

4.12.2020

A feedback has been distributed to the alumni and the responses are received annually. A structured questionnaire was developed and the opinions/ suggestions/ comments received from the alumni were used to enhance the curriculum and syllabi.

Statements	Good	Moderate	Satisfactory
The courses are relevant to the industry	72	18	6
The Emerging areas of management are taught	76	16	4
The courses have helped in building communication skills leadership skills and other soft skills	75	16	5
The experience in internships and capstone helps in the profession	81	11	4
The specialization courses have supported in getting placements/entrepreneurship/ higher studies	73	14	9
The curriculum addresses human values and ethics.	79	13	4

All the Courses in the curriculum are well-designed to meet the requirements of the industry's needs. Many of them are covered with emerging areas that helped to solve the critical areas of business and management. The practical experience gained through the internship and capstone

project gave us a lot of confidence to meet and overcome challenges. Also, specialized courses have helped us with career planning. Also, courses helped us to improve the value system and ethical practices in our career progression.

STUDENT FEEDBACK –Consolidated
Academic Year 2019-2020

04.06.2020

Overall, the feedback is positive, with a majority of students agreeing or strongly agreeing that the curriculum meets their expectations. Students are particularly satisfied with the curriculum's ability to help them solve real-life problems and make decisions, develop their personality, and solve local and global problems. There is also strong support for the curriculum's ability to enhance employability and support higher studies, as well as its focus on entrepreneurial skills and lifelong learning. The only area where there is some room for improvement is in the area of participative learning and experiential learning, where a small number of students expressed disagreement.
